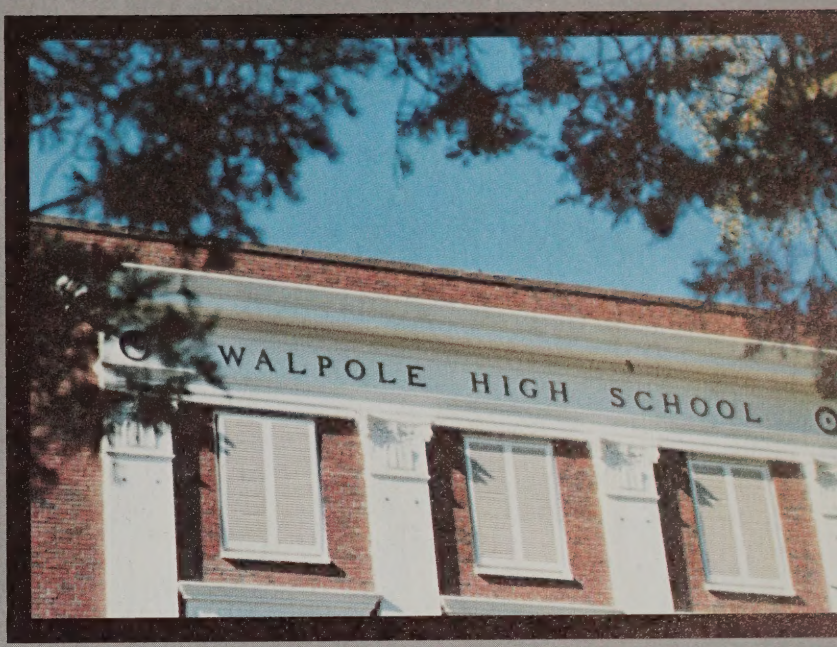
The Long And Winding Road

The long and winding road
That leads to your door
Will never disappear,
I've seen that road before,
It always leads me here,
Leads me to your door.

SCHOOL BUS



In the past, others have held wide open all the doors for us. Now, as the doors to Walpole High School close behind the seniors, a new and larger door stands before the Class of 1981. This time, it is up to us to open the door.

As we turn the knob, we are opening the door to our future. For some, the door will swing open, and they will walk through effortlessly. Others will have a struggle turning the knob, and will have to push their way through. Either way, we will have the satisfaction of knowing that we opened the door ourselves. And only then will what lies behind that door belong to us.

Dear Graduating Seniors:

As I think back to the outset of this school year, I am reminded of our opening school assembly with seniors. At that time I stressed to you the importance of a senior class to its high school. "A senior class can make or break its school based upon the leadership it chooses to demonstrate."

During 1980-81 we have seen a major share of individuals from your class carry out this challenge in the classroom, at extra-curricular endeavors, or out in the community, with outstanding achievements both individually and collectively. You have set high standards which will require superior efforts of the classes which follow if they are to be surpassed.

As you leave Walpole High School and go your separate ways, I hope you will not hesitate to return and share your successes as well as your failures with your former teachers and administrators, realizing that as good friends, we will always be concerned, interested, and above all, supportive.

Best of luck in your future endeavors.

Sincerely,

Lester H. Burch

SECRETARIES

The Right Type

Mrs. Marie Bergamo, Main Office

Mrs. Patricia Arthur, Attendance Office

Mrs. Mary Ann Boragine, Main Office

Mrs. Marjorie Stuber, Attendance Office

Mrs. Alba Paquette, Attendance Office

With new offices and equipment and without the constant problems of renovations, administrative personnel were able to keep things moving efficiently throughout the year. Lines of communication were held open by the installation of an intercom system which allowed every room in the school two-way contact with the Main Office. As usual, the Attendance Office kept track of all those absences, tardies, dismissals, and various attempts to circumvent the rules.

GUIDANCE Paving The Way To The Future

Mr. Edward Turley, Head Counselor

Mrs. Marjorie Upton, Secretary

Mr. Michael Kelly

Mr. Thomas Joy

Ms. Geraldine Nuzzo counsels Jim Totten

As usual, the Guidance Department was kept busy assisting students in the scheduling of classes and the planning of a life after high school. Counselors participated in several innovative activities which provided helpful information to students seeking an appropriate post graduate institution and/or full time employment.

Thanks to a federal grant, hundreds of students found the service provided by the M.O.I.S. computer to be an invaluable tool in selecting colleges and finding sources of financial aid. The Regional College Night, where over 170 colleges sent representatives, and the Financial Aid and Parents Information Night at Walpole High were also very informative.

The career exploration program with nearby industries and the presentation by recent graduates who shared their college experiences with the Class of "81" proved to be very practical and well received.

STUDENT ACTIVITIES/WORK STUDY

Beyond the Bounds of Walpole High School

Students enjoyed a variety of activities this year, both at school and elsewhere. Social events included dances, concerts, and the annual Gymnaestrada. Other successful programs were the Toma presentation, Bloodmobile, Activity Day for elementary school students, and Camp Calumet. Clubs provided an opportunity for everyone to participate in special areas of interest.

Several nearby businesses helped students gain work experience while attending school. About twenty students were employed by companies such as: Almy's, Bed & Bath, Cisternelli & Sons, Copico, Inc., First Sandwich Shop, Heartland Food, Harry's Medfield Bakery, Hi Lo Foods, J & A Cleaners, Koehler Industries, Mug n' Muffin, Nempco, Norwood Nursery, Plywood Ranch, Sam's Package Store, Stop & Shop, and Walpole Bottling. All concerned felt that this was a mutually beneficial experience and considered the program to be a great success.

In addition to completing many tasks for the entire school system, this department services the high school by maintaining attendance records, scheduling students, processing grades, and performing special functions such as surveys on curriculum and athletics. As an arm of the Mathematics Department, it trains students in the use of the computer. This year, over 100 students were given a good background for entry into college or the business world by receiving instruction in the Computer Programming course.

SUPPORTIVE SERVICES Lending a Helping Hand

After years of moving from room to room, Supportive Services finally has a place to call home. Two new rooms provide a comfortable learning atmosphere where all students are welcome to drop in during free periods.

Department offices have sufficient space for all staff members to hold personal conferences and keep appropriate records.

MEDIA

A Whole New Look

After being totally renovated, the new library/media center got off to a great start this year. Not only was it freshly painted and carpeted into a semi-quiet atmosphere, but adorned with dozens of beautiful plants as well.

The addition of a downstairs area, the former Home Economics Room, increased the size of the center by 100%. This new reading room was supervised by a new staff member, Mrs. Lucina Nagle. Other improvements: a teachers' workroom and an audio-visual storage room converted from a previous stairwell.

METCO Its 15th Year

Goals

1. To provide the opportunity for an integrated public school education for urban black and other minority children from racially imbalanced schools in Boston by placing them in suburban schools.
2. To provide a new learning experience for suburban children.
3. To provide closer understanding and cooperation between urban and suburban parents and other citizens in the Metropolitan Boston area.

METCO Students: L to R, Donna Evans, Michael Jones, Janice Howard, Indrian Ross, Michael Reynolds (not pictured: Beverly Blake)

Currently Walpole is one of 36 communities in the greater Boston area participating in the METCO program, which serves 3,200 students, 42 of whom attend Walpole schools. Now in its 15th year, METCO continues to play an important part in the education of all concerned.

Walpole High School METCO students have always been active in sports, student government, and other extracurricular activities, becoming important members of the social life of the school and community. Academically, approximately 84% of Walpole METCO graduates have gone on to further education. On the basis of this fine record, METCO in Walpole must be judged a success.

ART Successful Year for Art Students

Mr. Alfred Lazzeri, Department Head

The Art Department continued to shine this year. A new course added to the curriculum, Art Major IV, AP, emphasizes portfolio presentation for advanced placement in college and allows a student to apply for college credit whether or not art is the intended major.

Another new course, Commercial Art, enables students to gain experience in layout and design. Community projects included creating Crime Watch posters to inaugurate Crime Watch in Walpole, and "I Have a Dream" posters for Martin Luther King Day in cooperation with the METCO program. In addition to redesigning a series of Logos for local businesses, several contributions were made to the Advertisement Section of the 1981 REBEL.

Kathy Rooney, Lisa Smith, Eileen Walsh, and Mike Granger were selected as finalists in the Young Printmakers of America National exhibition and competition. *Boston Globe* Scholastic Art Awards were received by Becky Cole, Chris Foley, Paul Mock, Tim Sartoro, and Marianne Spinale. Paul also was awarded a scholarship nomination and a Hallmark nomination, the highest statewide recognition in art.

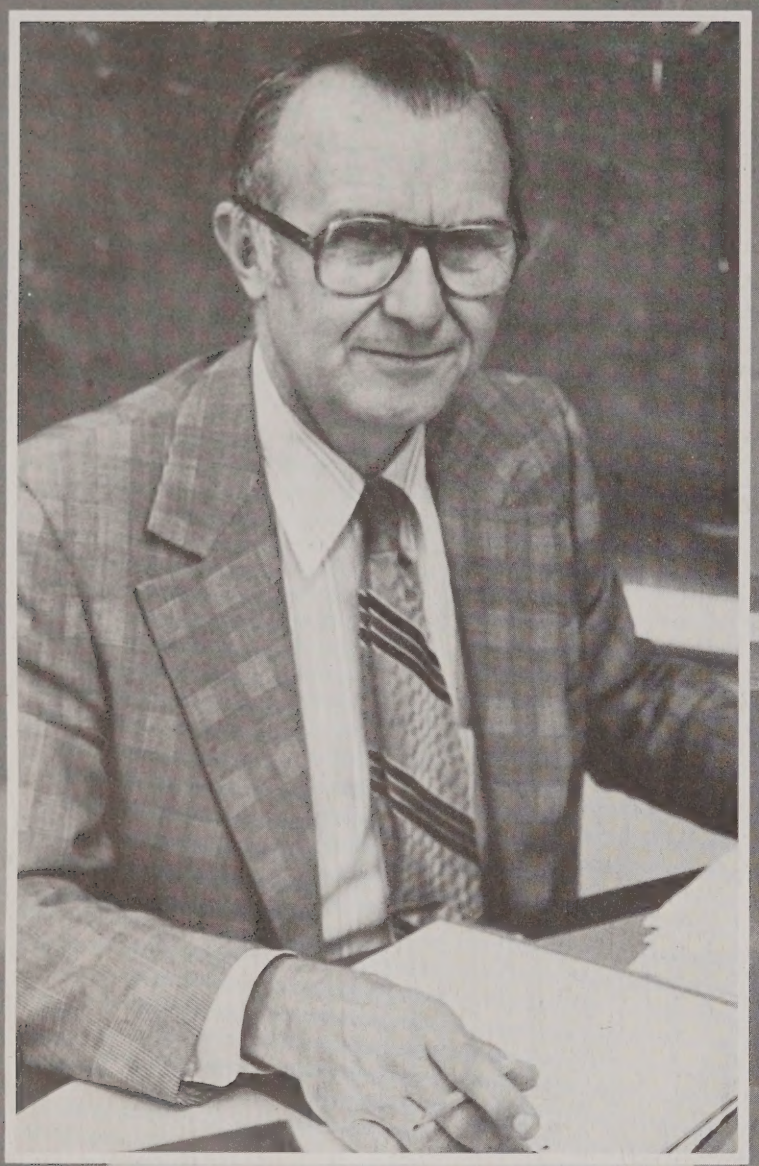
BUSINESS

Learning the Skills of Industr



Mr. Raymond Valaitis, Department Chairman

As the atmosphere of the business office is rapid changing, every attempt is being made to make busine courses more meaningful. Through a state grant, an up-to-da Word Processor was acquired in the fall. This enabled ma students to learn a valuable skill, often performing tasks f other departments of the school. The new microcomputers the Mathematics Department have also been used to acquai students with another recent development in the mode office. In addition, the shorthand lab, new last year, continu to be a success in providing for individual instructio Sophomores may now elect shorthand and accounting, th having the advantage of progressing to advanced courses a variety of subjects. Simulation projects are used to stre a wide assortment of skills needed in the world of work

The Cooperative Office Experience Program has give students a strong foundation for full-time employment aft graduation or further education in a business school college. Participating companies such as Bay Bank, Wolkin Factory Mutual, Bird Machine Company, Bird & Son, Foxbo Company, Bird-Johnson, Pilgrim Instrument, and Steego Au Parts, have provided this excellent opportunity to about students this year.

Although the school store was very popular and financial success, it closed its doors in June due to a cut the school budget, which has unfortunately eliminate Distributive Education. While it has been in operatio students received retailing experience at businesses such Friendly's, Bradlees, and Spear Hardware.

ENGLISH

Many Novel Experiences

Another busy year included two new courses: Dramatic Literature and Communications Techniques. Increased emphasis on speech techniques and required book reports in all classes also contributed to improvements in the overall program.

Journalism classes continued to publish the school newspaper, *The Rebellion,* which won first prize for topography from Suffolk University.

The extensive use of a great variety of audio-visual materials was the highlight of the English courses. Many classes used the Media Center for TV offerings such as *Roots* and *Taming of the Shrew.* Special films included *Julius Caesar* and *To Kill a Mockingbird.*

FOREIGN LANGUAGE

Translating Ideas

The new language lab helped to start the year off with much enthusiasm, proving to be a most valuable tool, enabling students to individually practice listening, speaking, and recording modern foreign languages. Learning French, Latin, German, or Spanish was also made more interesting via active clubs and allied activities.

Spanish students held a Christmas Bazaar in December. This year, Walpole High School had the honor of being chosen as the Area Testing Center for both the National Spanish Exam and the National French Exam, held on Saturdays in March, followed by breakfast at the school. The department sponsored Walpole High School's first student exchange program during three weeks in April. Twenty-three French students, with their teachers, Miss Charlotte Cole and Miss Floy Miller, traveled to St. Cloud, a suburb of Paris. Each lived with a French family while visiting various regions of the country, including famous landmarks and a French high school. During the coming summer, students from St. Cloud will spend three weeks with Walpole families enjoying the American way of life. The year came to a close with the Latin students' increasingly popular Roman Banquet.

Intergenerational Workshop

As a result of one of the major changes created by the renovation, to make room for the expansion of the Media Center, the Home Economics Department was moved from Building B to Building A, where it now occupies new floor space constructed above the small gym.

A colorful modern kitchen surrounded by ample storage facilities and classroom area boasts the up-to-date equipment needed to instruct students in the many phases of cooking and entertaining in the home. Adjacent to this is a large sewing room where students learn the basic skills needed to create attractive clothing and other original articles. The Child Development Lab continues to provide an opportunity for students to achieve real experience in various situations involving younger children.

Laura Flaherty at the Christmas Workshop

Extracurricular activities this year included a Nutrition Fair held in the cafeteria in January and a Fashion Show in April. Upon receipt of a one-year federal grant, an Intergenerational Workshop was established to promote understanding of the aging process and problems experienced by the elderly. Consequently, students have invited elderly residents to the school to participate in a Semi-Formal Dinner Dance, take part in craft activities, and share prior experiences. Regular visits are also made to nursing homes, day centers, and public housing for the elderly.

INDUSTRIAL ARTS Chips Off The Old Block

Emerging from the renovation with greatly improved facilities, the Industrial Arts Department offered courses in electronics, drafting, woodworking, metals, and graphic communications.

While learning the basic skills necessary for these various processes and operations, boys and girls also received information on career opportunities in industry. "Hands-on" experience included many practical and timely projects such as: construction of clocks, musical instruments, go-karts, wood stoves, radios, and silkscreen "T" shirts.

MATHEMATICS Finding the Unknown Quantity

With the completion of the renovation, the Mathematics Department has been able to make its newly-acquired microcomputers available to a greater number of students and faculty. Several other departments have taken advantage of this opportunity, and it is expected that interdisciplinary use of the microcomputers will increase in the future.

The twelve TRS-80's and one Apple are also kept busy by students from all levels of mathematics who are encouraged to use the Math Lab during study periods and after school.

A new course, Careers in Mathematics, was introduced this year in order to provide students with the opportunity to study Mathematics necessary to various vocations. Several guest speakers from a variety of career fields discussed the need for proficiency in mathematics in their jobs.

Two seniors, James Cobb and James Totten, received Certificates of Merit in the Massachusetts Olympiad Mathematics Exam. In area math competition, the Walpole High School Math Team placed fourth.

MUSIC

Under the enthusiastic guidance of Mr. Gaston Malloy, who replaced Mr. Thomas Mills as Music Director near the beginning of the school year, students experienced a very active and exciting program.

Upon their return from Band Camp in August, the Marching Band (almost 100 strong) took to the field once again to practice, perform at half-time during football games, and participate in local parades. To quote THE WALPOLE TIMES, from its October 16, 1980, edition, "It gets better every year." Mr. Malloy also directed the Concert Band, Stage Band, Brass Choir, and Dixieland Band, which also had James Totten as Student Conductor.

The string program at Walpole High School has grown tremendously the last few years, now offering a School Orchestra and Ragtime Ensemble for these talented musicians who have thrived under the influence of Mr. Michael Falker. For those wishing to perform in choral groups, Miss Catherine Connor directed the School Chorus and Madrigal Choir. Music Theory and Misic History were electives taught by both Mr. Malloy and Mr. Falker. School concerts, "Pops Night", the "Spring Thing", and graduation gave students the opportunity to perform for the local residents. This year they did very well at out-of-town competitions also.

The climax of the year occurred in May when a trip combining business with pleasure resulted in several awards for these groups. After stops in Rhode Island and Connecticut, the group arrived in New York City at the Big Apple Music Festival. In competition with other schools of its size, Walpole won four trophies: first place in band, ragtime ensemble, and chorus. The chorus also captured the trophy for the best overall group.

Recognized for outstanding achievement in music this year were: Seniors: James Totten (Band), Carolyn Doherty, (Chorus); Juniors: Elinor Conroy (Band), Carol Collins (Chorus); Sophomores: Sean Jackson (Band), Aimee Storin (Chorus).

PHYSICAL EDUCATION Shapes Up Walpole High

Walpole High students were given the opportunity to keep in shape by participating in a variety of healthy activities such as: soccer, field hockey, gymnastics, volleyball, basketball, tennis, track, weight conditioning, floor hockey, softball, outdoor survival, self-defense, football, archery, fencing, dancing, ping pong, and shuffleboard.

Although sophomores were not offered a choice, having a more structured program than the juniors and seniors, they also shared many of the above experiences.

Both popular and practical, the First Aid Course was given to a sizeable number of upperclassmen. The high point of the season was the annual Gymnaestrada on March 27 and 28, which performed for SRO audiences both nights.

One of the most obvious improvements resulting from the recent renovation of Walpole High School can be seen in the Science Department. Greatly enlarged rooms with new laboratories and equipment provide pleasant and efficient surroundings for all. The curriculum is highly activity centered, providing students with the opportunity to do a large number of lab experiments in each class. Strong emphasis is placed upon giving students as much individual attention as possible. Special projects this year included units on stream study of the Neponset River in the spring, physical effects of smoking, and a Career Awareness Day. Field trips were scheduled to locations such as the Science Museum in Boston, Wiggins Airport, and three sites of interest to students enrolled in the Oceanography course.

The construction of a hydroelectric generator and turbine on the Neponset River waterfall, located behind the high school, started as a project in Mr. Toran's environmental science class in the spring of 1976. The project gradually developed into a Massachusetts State Energy Office Grant to promote the development of hydropower throughout the state. It is hoped that the project will provide a pilot energy conservation education curriculum for secondary schools. The basic principles of electrical power generation, transmission, and usage will be applied to the physics, enviromental science, and basic electricity curricula.

The waterwheel and generator are expected to be operational by the fall of 1981. The firm of Obermeyer Hydraulic Turbines, Ltd. of Collinsville, Connecticut has been awarded the contract to build and install the equipment. Industrial firms that have generously contributed both materials and engineering assistance to this endeavor are: Bird-Johnson Company, Bird Machine Company, Bird and Son, Inc., Boston Edison Company, Homebuilding Company, Honeywell, L. SOCIAL STUDIES

The school year had just begun when the November elections were upon us. Students at WHS cast a majority for Ronald Reagan as did the town, the state, and the country. Also voted in was "Proposition 2½", which promised relief for the taxpayers of Massachusetts by limiting property taxes. Many class discussions were held on this controversial issue which resulted in drastic cuts in all departments of the town, but most noticeable to us, eliminated many items in the school budget.

As the year progressed, students enjoyed the Model United Nations, sponsored by TECH (a group consisting of Walpole and several other neighboring school departments). Each school was assigned three countries to role play, discussing international issues as a member of the UN, including the Security Council. Walpole students were also invited to attend "Close Up", which meant spending a week in Washington, D.C., meeting students from all other areas of the country. They were exposed to the workings of the federal government, personally meeting Senators Kennedy and Tsongas as well as House Leader, "Tip" O'Neil. Miss Geoghegan accompanied the group.

A field trip to the Naval War College in Newport, Rhode Island, gave students an opportunity to learn about war games and gain an understanding of how countries act on the international scene. Walpole High students also participated as usual in the AFL-CIO Scholarship Exam.

Sophomores

The sophomore class officers were busy this year urging their classmates to pay their dues. They also held a dance in May to raise money that will be needed in the future for their class to graduate. In the Sophomore Awards Assembly in June several students were honored for outstanding accomplishments during the year.

Juniors

Looking ahead to next year, the Junior class began raising money by holding a dance in November. A magazine subscription drive in December netted over $700 to help defray the cost of the prom, the big social event of the year held in April. A tidy profit was also made on the carnation sale in February, when anonymous carnations were delivered during homeroom to celebrate Valentine's Day. The last Junior class activity was an Awards Assembly attended by parents, relatives, and members of the school committee where students were recognized for their various achievements.

Secretary Paula Sansone, President Nancy Butters, Vice-President Laura Coburn, Treasurer Karen Nixon, (not pictured: Advisers Mr. James Carroll and Ms. Elizabeth Salenik).

Seniors

The Senior class officers worked hard all year to prepare their class for graduation. This task included collecting dues, planning the senior class trip, measuring seniors for caps and gowns, and setting up the graduation ceremony. Despite their busy schedule, the officers put forth extra effort to add a new event to their program, an "Activities Day" for elementary school children. This community project was a great success in helping to bring kids of all ages closer together.

Advisory Council

The Student Advisory Council to the School Committee is a group of students elected at large to represent the views and opinions of the student body. They are required by Massachusetts law to meet directly with the School Committee at least every other month. This year they were active in preparing a survey of student opinions concerning extra-curricular activities, including athletics.

Council members also volunteered their services as guides on Parents' Night.

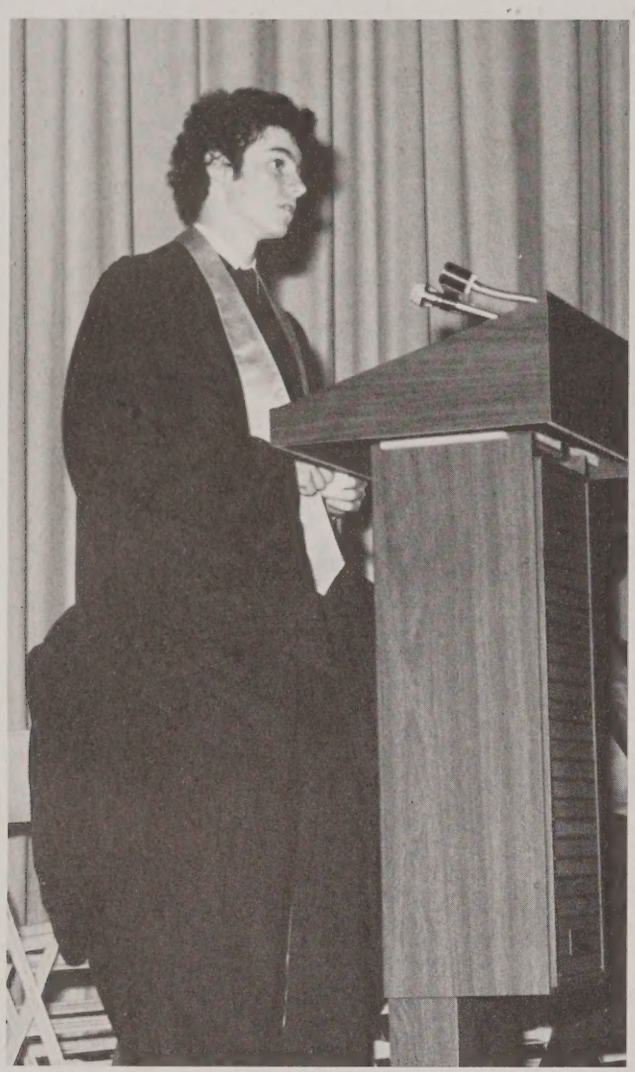
NATIONAL HONOR SOCIETY Aura of Excellence



Christopher Foley

An impressive candlelight ceremony was woven into the National Honor Society Induction on Tuesday, May 19, 1981. Forty-two inductees were welcomed by President Sharon Upton; Vice-President Kathleen Foley; Secretary, Susan Sabonis; Treasurer, Laurie Petrovick, and fourteen other members of the Class of 81. J. Chauncey Smith, Assistant to the Superintendent of Schools, was the special guest speaker. Following the program, members, relatives, and friends enjoyed refreshments in the cafeteria.

Since membership in this organization is elective and selective, limited to a percentage of each graduating class, embracing high standards of service, is was a proud occasion for all.

The goal of the Spanish Club is to engage in cultural activities which will enrich the students' knowledge and awareness of Spanish culture. Officers for 1980 - 1981 were: President, Linda Connor; Vice-President, Edward Connor; Secretary, Kathy O'Malley; Treasurer, Joanne Kinch.

On December 5, the annual Spanish Bazzar was held, featuring the sale of food, crafts, and other appropriate articles (see below). The money was put aside to help defray the cost of a trip to Mexico next year. Other activities included a Spanish dinner and a trip to Boston.

In order to develop unity among the membership, the Latin Club continuously strives to expose its members to educational classical activities that are entertaining. As a result, although enrollment in Latin is now less than that of other foreign languages, this club is extremely active. Seventy members (all who are presently taking Latin as well as many who were students in the past) feel they are a very special group. Officers are as follows: Consuls: Nancy Hart, Beth Mahoney; Quaestor: Pamela Brown; Scriba: Monica Smith; Aedile: Lisa D'Amadio.

In October, Mr. Lazzeri of the Art Department talked to the club about ancient art to prepare the students for their field trip later that month to the Museum of Fine Arts in Boston. This trip was highlighted by lunch in the Italian North End. The official Junior Classical League initiation (complete with blindfolds, candles, creeds, and tests) took place in November, followed in December by a treasure hunt with Latin clues and a Saturnalia party — the Roman's equivalent to Christmas. An interclass volleyball tournament, a "Who Killed Julius Caesar?" contest, a party to celebrate Rome's 2734th birthday, taking the National Latin Exams, and attending Classics Day at Boston University kept members busy until the annual Roman Banquet in May (shown above and to the left). A fitting climax to an extremely successful year, it included a catered dinner, chariot race, gong show, Miss and Mr. Rome contest, and other enjoyable activities.

Our French Connection — Madame Richard, teacher at Lycee Florence Schmidt

During April vacation, 1981, the entire French Club of 23 juniors and seniors traveled to France to activate the first phase of an exchange program involving families from Saint Cloud, a suburb of Paris, and Walpole. For three weeks, Walpole High School students experienced the French way of life, going on vacation to such places as the Alps, Reviera, and the Pyrenees as well as attending a French High School. During their stay in Paris, the students visited the famous monuments — Notre Dame, J'Arc de Triomphe, and the Eiffle Tower.

For three weeks in July, the French students were guests of Walpole families who endeavored to create situations equal to the first segment of this remarkable linguistic and cultural occurence.

Each American student had been matched with a French student whose personality and interests were similar. From all reports, Miss Charlotte Cole and Miss Floy Miller, along with their French counterpart, Madame Nicole Richard, did a superb job. This task, the original planning dating back to April, 1980, and continuous monitoring of the program, emphasize the ongoing dedication of these devoted teachers. All involved deemed the exchange a success and look forward to its continuance in the future.

PHOTO-GRAPHY CLUB

Positive Images From Negative Beginnings

No one would dispute the age-old adage that a picture is worth a thousand words. Mr. Schnorbus' Photography Club helps to capture memorable events at Walpole High School so that we may all enjoy them in the years to come.

Students receive instruction in the proper care and technical aspects of a camera as well as valuable lessons on taking pictures. Training is also given in darkroom procedures. Many then become active on the staffs of the newspaper and yearbook.

The darkroom is kept in operation by members who contribute many long hours of their time during free periods and after school. The flow of photos has helped fill the 230 pages of the REBEL, the 7 issues of the REBELLION, the 8 issues of the REBEL REVIEW published monthly in the WALPOLE TIMES, and countless other assignments.

"Rocky" not only describes the type of music usually heard on WSRB, but the road it followed this year. Unable to lure a regular adviser, Peter Turco, Activities Director, kept the station on the air with the aid of Chip Patterson and Charles Ross, a Boston University student who acted as the engineer.

Students were assigned shifts lasting about 3 hours during the broadcast time which was 2:00 p.m. - 9:00 p.m. daily and 9:00 a.m. - 10:00 p.m. on week-ends. Town Meetings, School Committee Meetings, Selectmen's Meetings, football games, and special interest shows were broadcast live.

As the year came to a close, the future of this activity was clouded — the problem of an adviser had not yet been solved.

The Boston Club is an organization of students who like to visit Boston to enjoy the many forms of activities, entertainment, and culture available in one of the most dynamic urban centers in America. Visits to museums, sports events, plays, concerts, as well as shopping, dining, and touring are some of the activities that interest the group.

The members usually take public transportation into Boston from Walpole on weekends. All share in the responsibilities of planning the trip in advance and researching points of interest. Club Officers are: President, Lynn McCormack; Vice-President, Leslie Caplis; Secretary, Helen Hobbs; Treasurer, Jeanette Granger.

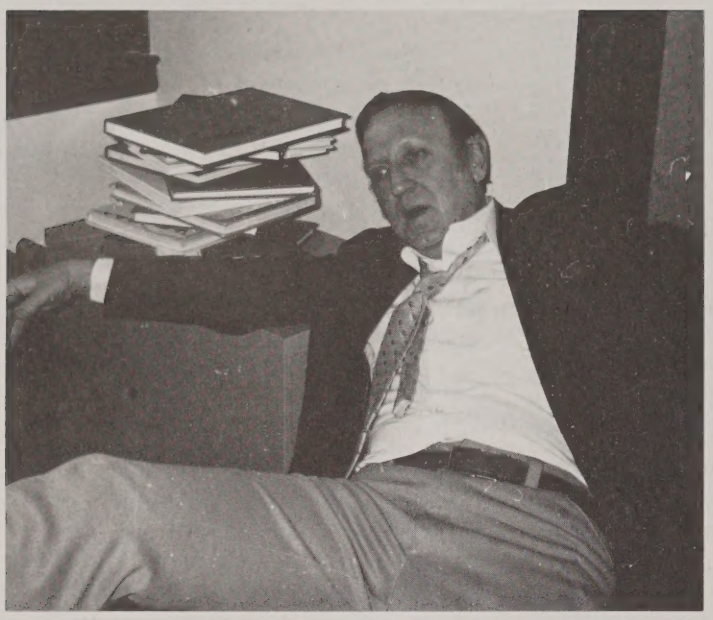
YEARBOOK

Moments to Remember



Mr. Richard Schnorbus, exhausted after 13 years of performing the duties of yearbook adviser . . . . . enthusiastically hands over the reins to Mrs. Carolyn Manson

This was a transitional year for the yearbook staff. Leaving the inconvenience of the renovation and all its troublesome problems behind us, we started off the school year with a new darkroom, a new yearbook room, and a new adviser, Mrs. Carolyn Manson of the Business Department.

As the Journalism classes turned their attention to the newspaper, we used different methods to create the 1981 REBEL during our free time. Superb cooperation of all students and staff made this monumental task much lighter. We hope we have been successful in continuing one of Walpole High School's finest traditions by producing a publication worthy of taking its place beside those it follows.

NEWSPAPER

One Issue After Another

For some people Room 344 can be the point of no return. The room is a beehive of activity as aspiring young journalists turn into a massive blur scurrying from one assignment to the next, hoping to avoid failure in meeting those unremitting deadlines. Out of that mass of apparent confusion, known as the "Bermuda Triangle," where misplaced assignments sink into oblivion, comes the prize-winning REBELLION, our school newspaper, which received First Prize this year for "Excellence in Typography" from Suffolk University. It subsequently enjoys a circulation of 1000, including townspeople and former WHS students.

In the midst of all this chaos, also evolves the REBEL REVIEW, a page published once a month in THE WALPOLE TIMES and edited by Jennifer Petersen. This page carries current events at WHS and also allows the staff to express its views and opinions as well as share some of its more creative talents in poetry, art, and special features.

Despite the ever present hectic conditions, which were in part an aftermath of the year-and-a-half renovations of WHS, the 1980 - 1981 staff met its 16 deadlines and experienced the work and confusion that a "real" newspaper staff encounters every day.

MATH CLUB

Formulas for Success

Walpole High School competes in the Southeastern Massachusetts Mathematics League which consists of three divisions, made up of twenty Math Teams from schools in this area. There are four competitions per year, each consisting of five rounds — Arithmetic, Algebra I, Algebra II, Geometry, and Advanced Topics. Students are not allowed to use calculators, only pencil and paper.

If a team places in the top ten, it is eligible for the play off. This year Walpole finished in fourth place, missing qualifying for the State Championships by one point — it scored a yearly total of 440 points to Franklin's 441! The team also participated in its annual field trip to Bridgewater State College's Math Day.

The Future Health Careers Club is open to all students who are interested in a career in the health field. Individuals such as a physical therapist, athletic trainer, or student nurse often attend the monthly meetings to enlighten the students about these various occupations. Field trips are taken to Pondville Hospital, Canton Hospital School, Norwood Hospital, and the town ambulance. This year student members took a CPR course and received their CPR certifications. The club also assisted the school nurses at kindergarten registration and helped sponsor the annual High School Bloodmobile.

RADIO CONTROL ROCKET CLUB

A Real Blast!

Students with an interest in the area of radio controlled models and rockets meet together to build, modify, repair, and fly their models. Resources of the Industrial Arts Department are utilized to facilitate these endeavors. Interesting discussions are also held which enable members to compare personal experiences and ideas.

Every Monday from 6:60 - 8:30 p.m., the Intergenerational Club members add vitality to the lives of Charwell House residents. The students gain an insight into problems facing the elderly by socializing with their friends who are still young at heart. Although Mr. Robert Gardner is the Club Adviser this year, Ms. Judith Stone, Mrs. Gloria White, and Mr. Thomas Joy also attend some evenings.

It is evident that many mutual benefits result from these meetings which include dancing, eating, exchanging ideas, and enjoying each other's company in a variety of situations. The traditional parties — Halloween, Christmas, Valentine's Day, Easter, and St. Patrick's — were celebrated with enthusiasm by all. Several new activities were also introduced this year. They included sing alongs, a "Jean and Pizza" party, a sundae-making party, Barber Shop Quartet Night, and a game night.

Expressing a desire to do something for the students in return, a group of Charwell residents prepared a special dinner for their invited student guests.

DRAMA CLUB

The "Walpole Players" enjoyed their third year under the faithful tutilage of Director John Fredricksen. Unfortunately, due to casting difficulties, the fall/winter production of *The Glass Menagerie* was cancelled. The success of the spring show "Trial and Error," three one-act experiments in theatre, helped to compensate for the loss. On April 1, 2, and 3, *The Still Alarm* by George S. Kaufman, *The Happy Journey to Trenton and Camden* by Thornton Wilder, and *The Zoo Story* by Edward Albee were performed in the WHS auditorium for very receptive audiences.

As well as presenting "Trial and Error" for the school and community, the "Walpole Players" performed *The Happy Journey to Trenton and Camden* for the Senior Citizens at the Norwood County Day Center, which proved to be richly rewarding for both actors and Day Center participants. *The Zoo Story* traveled to the local stage at the Walpole Footlighters Theatre and was enjoyed by the town's fellow thespians. The Drama Club also worked with John Fredricksen to help with the Senior Class Play and kept busy with theatre improvisation workshops.

In order to keep team spirit high and the fans in the stands urging the home team to victory, this year, for the first time, the cheerleaders were organized into four different squads: varsity football, JV football, basketball, and hockey. This proved to be a great success by enabling the girls to concentrate more heavily on an individual sport.

Practice began in August when the squads traveled to the Governor Dummer Academy Cheerleading Camp in Byfield to learn new skills and cheers. The season got underway with the varsity football squad demonstrating their talent in new white uniforms. They eventually placed third in the annual BSL Cheerleading Competition. Pictured above are the three ecstatic captains (Kathy Dalton, Wendy Campbell, and Kelly Cuomo) receiving the team trophy. The thrill of victory was also experienced by the hockey squad as they cheered the hockey team on to second place in the BSL and a spot in the state tournament.

FOOTBALL

Remember the Rebels?

Remember the 1980 Rebels: Mike Jones, Jim Collins, Rick Cleveland, Pat Stanton, Gary Gravina? Sure, they were 9-1-0, second in the Bay State League; and ranked third in the State. Ya, *I remember now.*

They went into the season with high hopes and high ranking, but then, after they had soundly beaten Burlington in the opener and made short work of Braintree, they lost senior co-captain, Jeff Copes, with a severe back injury. *Remember?*

Then, as I recall, the Rebels came home to beat Needham, and on to Natick with Luongo playing for Copes. (Remember how Dave led the team with 81 solo tackles?). That was the same day Lou Parent made the nifty punt return, running right past Natick's Doug Flutie. It was against Natick all right; *I remember.*

Next the Rebels traveled to Framingham. Remember that game? What a nail-biter! Behind thirteen to nothing at the half, they came from behind with the blocking of MacKay, Gravina, Nee, and Hood, to trounce the Flyers 20-13.

Then came that Norwood game, the two teams so evenly matched. Both teams were strong on offense, stronger on "D"; and they played with emotion and heart: Joe Abley, Chuck Grant, Kevin Flynn and the other players. But in the end it was Norwood who won 6-0; Norwood who went on to become State Champs.

Still, the Rebels remember. They remember how they went on to shut-out Wellesley, Milton, and North in three of their four games. They remember how they demolished Dedham 43-8; and they remember that they, the 1980 Rebels, had become one of the greatest teams in Walpole history. That is something they'll never forget.

Something they'll always remember.

FIELD HOCKEY

Porkers Almost Sweep the Field

"It's like being eliminated without ever losing". This quote from Coach Susan Brainard best describes the Varsity Field Hockey Team's season. After an impressive 18-0-0 regular season record, the girls entered the State Tournament with high hopes and determination. Taking one game at a time, they beat Foxboro 2-1 and continued their attack with a 3-1 victory over Bishop Stang. At Wheaton College in Norton, the Porkers were knocked out in the third round of the tournament in a sudden death stroke-off against Dennis-Yarmouth.

Despite this disappointing loss, the girls had a memorable year. They upheld the Bay State League Title for the third consecutive year. The Porkers were the first Walpole Field Hockey Team since 1948 (when they played only 9 games) to have a perfect season. They also were the highest scoring team in school history. A total of 84 goals were scored in 18 games, giving them a 4.67 goals per game average.

This year five players were placed on the Bay State League All Star Team — Nancy Hart, Julie DiPillo, Laura Giusti, Roberta Hutchinson, and Lisa D'Amadio. THE PATRIOT LEDGER All-Scholastic included Roberta Hutchinson, Lisa D'Amadio, and Nancy Hart. Special recognition was given to Lisa D'Amadio for her accomplishment as a two-time BOSTON GLOBE All Scholastic Award Winner, two-time PATRIOT LEDGER All Scholastic, two-time BSL All Star and Bay State League scoring record holder.

At the team's annual banquet, the following awards were given: MVP - Lisa D'Amadio, Most Improved - Laura Giusti, Porker Award - Dorothy Hand, Unsung Hero - Pam Brown and Carolyn Betro.

GOLF A Swing To The BSL Title

A veteran Rebel squad took to the field with confidence in hopes of the BSL title. Led by Co-Captains Will Cropper and Tom Dumphy, the Rebels coasted to 5 non-league and 4 league wins before their first test of fire. This was against Norwood at Pongapoag where the Rebels posted a 55-53 win over a tough Mustang squad.

The showdown of the season, however, came against Needham — the Rebels squeezed by 55.5 - 53.5. This left the Rebels 12 - 0. They handily won the next two matches to lay claim to the BSL crown. A great year!

BOYS' SOCCER A Step In The Right Direction

BSL All Star Rich Noyes does it with DEFENSE

The Bench

Coming off a winless 1979 season, the Soccer Rebels opened the 1980 campaign under a new coach and new attitude. It was Coach Delaney's contention to make Walpole Soccer competitive and respected around the league. Despite a lack of scoring power, every game was a battle to the finish, with the exception of a disasterous trip to Needham. But it was because of this game that the team pulled together and played inspired ball the rest of the season.

A pair of impressive wins over arch-rival Norwood and a couple of heartbreaking losses to eventual State Champion Wellesley were highlights of the season. In the end, The Rebels earned the respect of the league, officials, and more importantly, themselves.

M.V.P. was Rich Noyes; most improved, Dave Carter; most inspirational, Bernie Rivers; best sophomore, Tom Brady. Bill Haynes earned the Coach's Award. Rich Noyes went on to be named a League All Star by both *The Daily Transcript* and *The Patriot Ledger*. Dave Burns, Tom Brady, and Ken Haynes received honorable mention.

This was a comeback year for the Cross Country team led by captains Mark Sokoloski and Alex Vetrovs. With only three seniors on the team, Varsity pulled off a respectable 4-5 record. The last three meets were lost by only three points, which was a real heartbreak for the team.

The Junior Varsity squad had its best year ever. Its excellent 7-2 record brings promise for the Varsity teams to come. The team also had a non-league victory over the Norfolk Aggie to round off its successful season.

VOLLEYBALL Rebel Girls Rally With New Coach

This year, as in the past few years, the Volleyball team found itself with a new coach, Dr. Judith Singer (Doc).

Under "Doc's" supervision and the team's co-captains, Eva Froese and Lisa Moloney, this group of enthusiastic and dedicated girls ended their season with a 3 - 15 record. Although this record wasn't too impressive, the girls received many compliments from other coaches and referees for their improvement over last year.

The unsung hero was Denise Macdonald; hustler, Julia Sprague; and most improved, Lisa Moloney. Eva Froese, M.V.P., was chosen to represent Walpole in the All-Star game. Eva's excellent serving helped give the All-Star team their victory over Braintree.

Team Goes to State Tournament: First Time in 11 Years!

This was the year that Walpole High's Hockey team turned things around — for the first time in 11 years they made the State Tournament.

The Rebels started out winning their first game against crosstown rivals, Norwood; then continued on to win the next four. They were handed their first two losses by Natick and Needham, making them 7 - 2 at the halfway point. The second half was equally impressive, also resulting in a 7 - 2 record. This was achieved through hard agressive play, especially in one stretch of games where they beat Natick 5 - 2, league champs Framingham South 2 - 1, and Needham 6 - 2, two of whom had previously beaten the Rebels.

With this style of hockey and the classy play of all Rebel teams, they won a place in the State Tournament where they beat a tough Methuen team 4-1, but suffered a heartbreaking loss to an even tougher Peabody team 2-1. The Rebels received good hard spirited work from all — the seniors, juniors, and sophomores. This was not a team segregated by three levels of classmen such as is the case with many teams. Instead, this was a group of kids who played together as if they were equal, no superstars. With this great attitude and resulting fine record, they won the respect of all and brought hockey back to Walpole!

Bay State League MVP was Chuck Grant, who also received the Loring Award for outstanding goalie in the League. The Boy State League All-Stars boasted two other Walpole players — Mark Nolan and Paul Lestan. *The Patriot Ledger* picked Mark Nolan and Chuck Grant for its All Scholastic Team, and *The Daily Transcript* chose Mark Nolan, Paul Lestan, and Chuck Grant for its All-Stars.

Promising Rebels Finish at 3-15

This season's Boys' Basketball Team suffered close, hard-luck losses with a few wins tossed in to finish at a 3-15 campaign. The Rebels, led by seniors Lou Parent, Co-Captains Paul Cahill and Will Cropper, surprised the Bay State League with their tough, hard-nosed style of basketball. Paul Cahill finished this season third in the league in scoring with a total of 302 points, an average of 16.8 points per game, and was selected to the Bay State League All-Star Team. In the All-Star game, Paul was high scorer with 13 points. Coach Collins has five juniors and a host of talented sophomores returning next season.

GYMNASTICS

Balanced Poise

Chalking up the best Walpole team record ever (7-2), for the first time in its history, a Walpole High School Girls' Gymnastics Team entered the state tournament, held this year in West Spingfield. Coming in eighth place in a field of the 12 best teams in the state, 113.55 (6/10 out of fourth place) was a commendable record for this exciting team that broke many records this season. It was also their first year being eligible for the sectionals, which they entered ranking fifth in the district and emerged in fourth place. On the way to this accomplishment, they compiled the highest total of points in one meet — 115.55.

Captain Lisa Cesareo was State Balance Beam Champion and holds almost all Walpole Records: 8.2 - uneven bars, 9.45 - floor exercise, 8.75 - balance beam and 32.5 - all-around. Lisa Cesareo, Andrea D'Amadio, and Dianne McKay were chosen as League All Stars.

Rebels Finish Third

Led by captain Paul Gianni, the Rebels finished the season third in both the Bay State League (with a record of 12-3-1) and the South Regional Tournament.

The Rebels had nine place winners in the District Tournament. Most outstanding were Paul Gianni, second (121) and Rick MacDonald, second (107). In the State Tournament Mike MacKay finished third in the heavyweights and Scott Buckman fourth.

Chosen for the Bay State League All-Star Team were Scott Buckman and Jim Collins.

GIRLS' BASKETBALL

Struggles Through Long Season

The key word to this season's record was inconsistency. Led by co-captains Lisa D'Amadio and Julie DiPillo, the team won their first two games against Framingham South and Milton. Unfortunately, they were not so lucky in their next three, posting three losses.

At the halfway mark, the record was 4 - 5, which created much optimism. The end result, however, did not bear this out as the girls ended up with an 8-10 season, placing 6th in the Bay State League. On a brighter note was the very successful 14-4 JV season which provided hope for improvement in next year's team.

Good news came for Co-Captain Lisa D-Amadio who was named for the second year in row to the All-Star Teams of both the Bay State League and *The Patriot Ledger.*

At the Annual Conference Track Meet on Wednesday, May 20, 1981, Walpole's two top competitors both finished third in their respective competitions: Maureen Baker in the shot put and Ellen Conlon in the javelin. Darra Slagle threw very well in the discus, pleasantly surprising everyone by taking fourth place. Maureen Baker led the team in scoring with 108, followed by Ellen Conlon at 80, Ruth Harwood at 35, Darra Slagle at 32, and Catarina Cibotti at 19. Otherwise, Walpole did not bring much of a challenge to the starting line, a problem reflected in the season's final tally (0-9).

Commenting on the year, Victor Castelline, in his first year as coach, said, "It was a very young team. We should feel optimistic for the future."

In spite of some close matches, an ominous cloud hung over the Boys' Tennis Team, which ended the season with a dismal 1 - 17 record. SOFTBALL

Diamond Hoarders

This team's final record (6-12) fails to point out that during the course of the season, the team outhit its opponents and equalled them in walks. Plagued by defensive woes (averaging 6 errors a game) and lapses in controlled pitching, it became increasingly difficult to avoid final disappointment.

The impossible dream remained unfulfilled, but there was one bright spot — Lisa D'Amadio emerged as a League All-Star.

Marie White's two-handed backhand

Coach Tony Green's team started off the season by participating in an eight-hour tennis marathon at Racquetime Club to raise money to pay for indoor practices. This determination and fervor resulted in an extraordinary attendance record for both practices and matches, providing the momemtum needed to bring the girls to the first tournament appearance ever for a Walpole High School Girls' Tennis Team. Both individual and team records were noteworthy. Paula McFarland (12-6), Ann Marie McGrail (13-5), Karen Nixon (15-3) played singles, ranked in the preceding order. Doubles finals were: Carrie Cento and Ellen Ridley (13-4); Eva Froese and April Lee (11-1); Eva Froese and Beth Verderber (4-2).

Even though the girls were eliminated in the State Tournament, losing to the powerful Raiders from Wellesley, their record was impressive (13-1) compared with 1979 (1-17) and 1980 (4-14). Sophomore Paula McFarland was chosen as a Bay State League All Star; juniors Carrie Cento and Ellen Ridley were semi-finalists in the South Sectional Doubles Tournament. With Captain Eva Froese the only Senior on the team, excitement is already building towards 1982.

Ending the season 12-8, this year's Varsity Baseball Team posted the best record for a Walpole High School Baseball Team since 1975, barely missing the state tournament..

Most valuable player was Ken Moriarty; Best Offensive Player, Brian Ahern; Best Defensive Player, Jim Russetti; Co-Coaches Spirit Award, Tim Walsh and David Burns. Chosen to play on the Bay State League All-Star Team against the Norwood Mustangs were Ken Moriarty and Brian Ahern. Although Norwood won, Brian contributed a two-run homer to the cause.

Adding to a growing optimism for this sport was the JV Team record of 13-7.

BOYS' TRACK

The Best is Yet to Come

Four Rebels refused to look back at a 1-8 record and dug in to give all they had in individual performances at the Annual Bay State League Conference Boys' Track Meet, held in Braintree. Thus, on their own they reversed the image of a lost season. Elevated to All-Star Status were: Ed MacKillop, third place in the 200 yd.dash; Bob Moore, fifth place in the shot put; Mike MacKay, third place in the shot put; and Lou Parent, second place in the 100 yd. dash. Interesting enough, Lou came back from a leg injury to run 10.5, just one-tenth-of-a-second off the school record.

Lack of depth hurt the team, which had to focus on standouts to keep them in competition. Mike MacKay, who won both the discus and shot put together in five separate meets, led the team with 72, well ahead of Bob Moore's 48.25. Other leading scorers were: Rick Noyes - 43.25; Ed MacKillop - 36; Dwayne Wolski - 29.25; and Rusty McLauchlan - 27.25.

AUTUMN QUEEN Enthroned for a Season

As Tuesday, October 28, 1980, approached, excitement built up among students wondering who would be the new Autumn Queen. Traditionally sponsored by the Student Council in the midst of the fall sports season, the Autumn Queen Dance not only serves as a means of selecting a Queen for the annual Homecoming Game, but also provides the background for a very enjoyable evening.

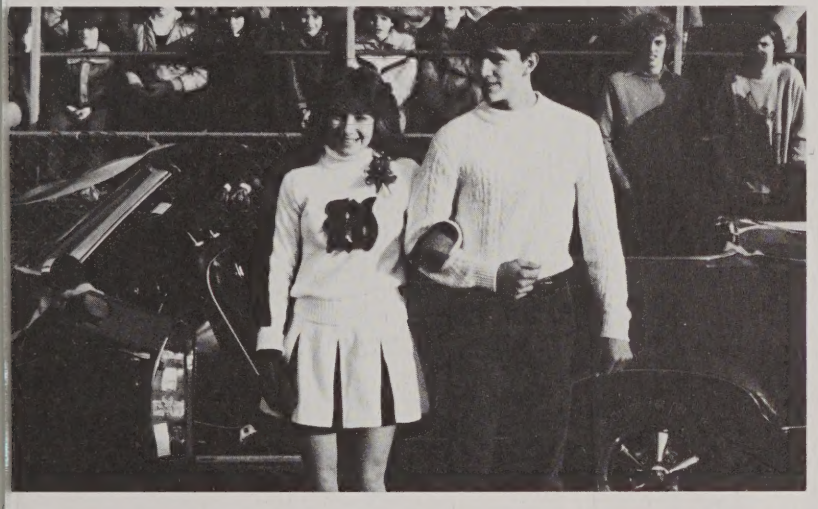
Although attendance has been dropping off for the last few years, those who do attend always have a great time at one of the year's first major social activities.

Autumn Queen, 1980, and her court

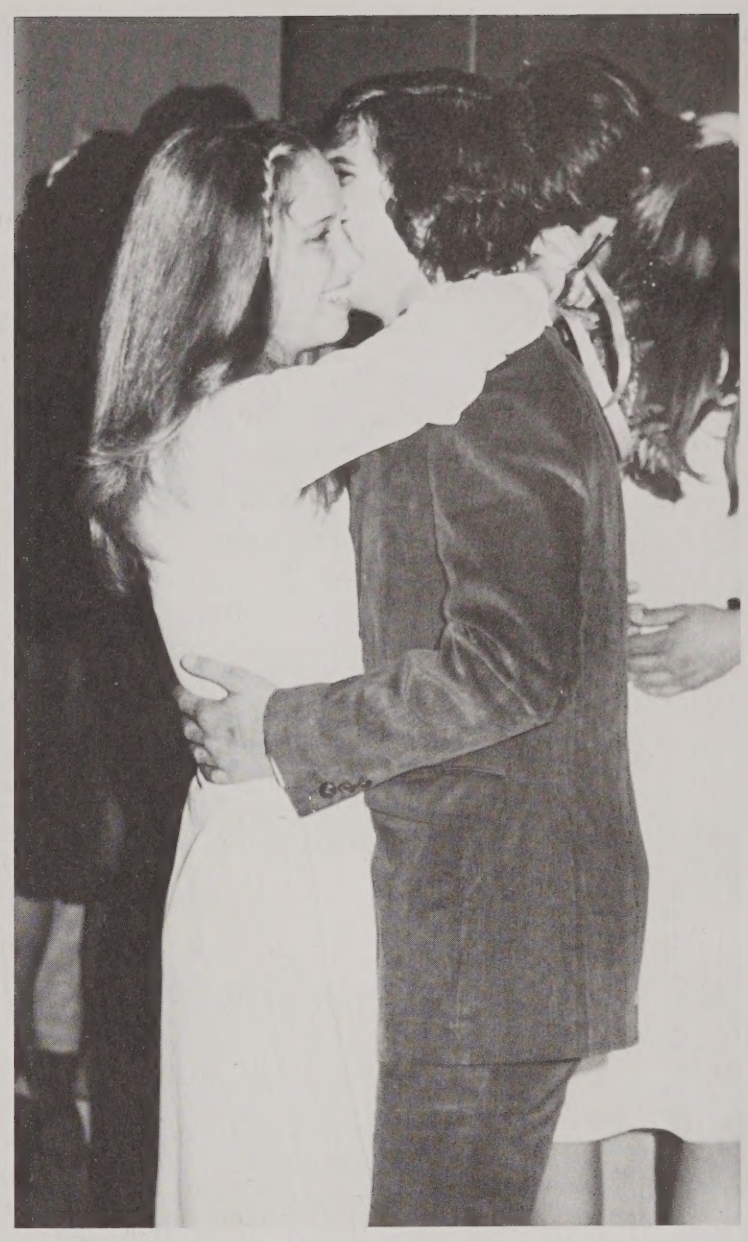
Coach Lee crowns 1980 Autumn Queen, Kathleen Dalton

Nominees and their escorts: Tom Dumphy, Kathleen Foley; Pat Stanton, Julie Sprague; Rick Cleveland, Mary Proctor.

Mary Beth Turco, President of the Student Council; John Hilterman *Rebellion* Editor; and Mr. Guenter Vilbig, Adviser of the Student Council, announce that the winner is . . . . . .



Autumn Queen 1980 arrives at the traditional Homecoming Football Game against Dedham.



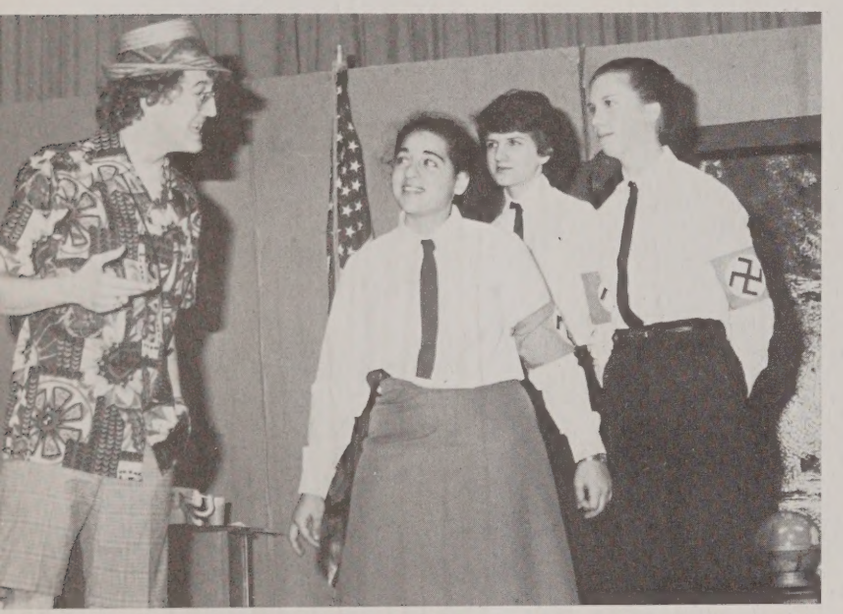
Julie and Pat dance a few steps down "memory lane."

Nominees and their escorts: John Geoghegan, Kelly Cuomo; Joey Abely, Wendy Campbell; Gary Gravina, Kathy Dalton.

SENIOR CLASS PLAY Don't Drink The Water

The Senior Class Play, directed by John Fredricksen, was successfully performed in the WHS auditorium on December 4th and 5th. After two months of line memorizing, costume gathering, prop collecting, set building, and rehearsals, Woody Allen's *Don't Drink The Water* was presented to a large and receptive audience. The comedy revolves around the Hollander family. They are mistaken for a group of spies and are forced to seek shelter on an American Embassy behind the Iron Curtain — and there lies the humor.

The cast and crew totalled more than 45 people. All enjoyed a fun and learning experience.



"Who's afraid?"

Hen-pecked Jimmy Totten drowns his sorrows.

The gang's all here!

"Anybody know exactly WHAT was in the punch?"

"What do you mean you want your money back?"

John Fredricksen attempts to teach John Abdou a quick lesson in the essentials of drama.

Diane Murray struggles to remember her lines.

John Paquette pauses for a moment of silence.

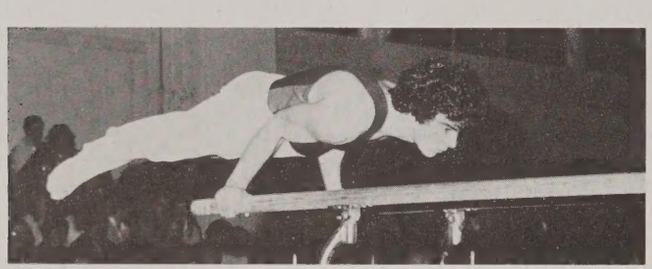
GYMNAESTRADA A Great Performance

At 7:30 p.m. on March 27 and 28, 1981 the gym was packed to full capacity as the crowds anxiously awaited the start of the sixth annual Gymnaestrada. When Gene Lavanchy, the outstanding master of ceremonies, began introducing the participants, the six weeks of hard practice and preparation became evident.

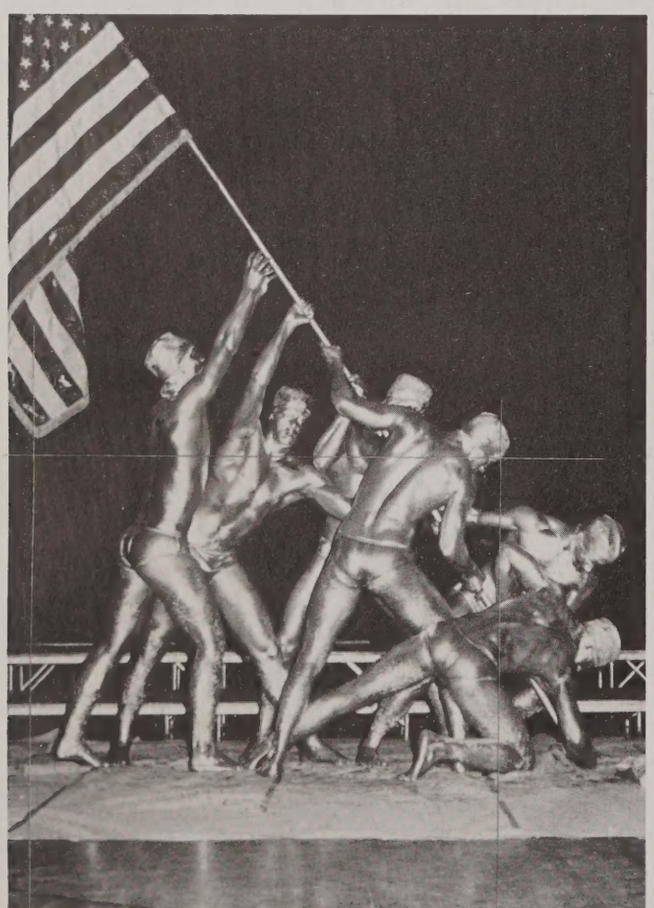
The entire girls' gymnastic team performed brilliantly, led by senior Lisa Cesareo, who stunned the audiences with her many skillful and daring feats. A great number of boys demonstrated their athletic abilities by performing on the high bar, still rings, and side horse as well as doing floor excersises.

Other highlights of the night included the pyramids, the triple balance, tiger leap, and two dances choreographed by Kathy Dalton. Completing the program was the famous tableaux.

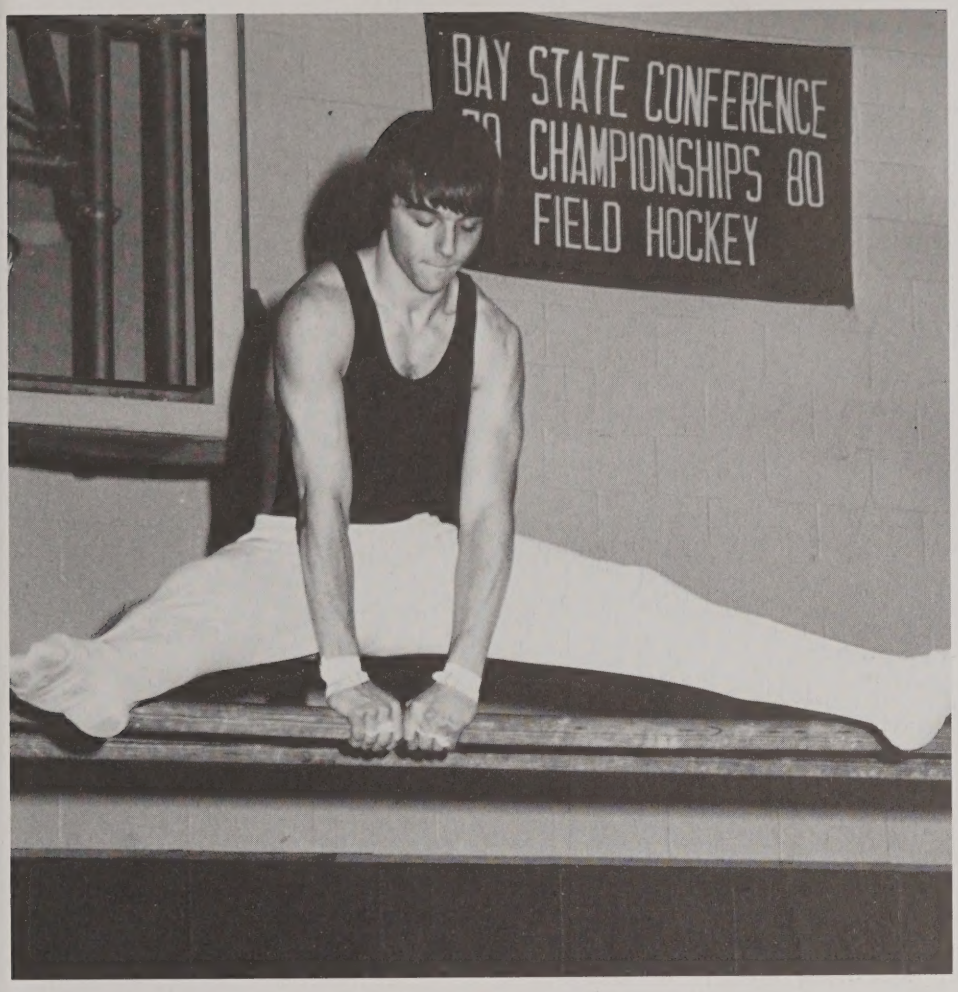
The leadership, training, and organization demonstrated by Ms. Balduf, Ms. Brainard, Mr. Burke, Mr. Lee, and Mr. Tompkins, once again brought Walpole a remarkable show and an evening to long remember.



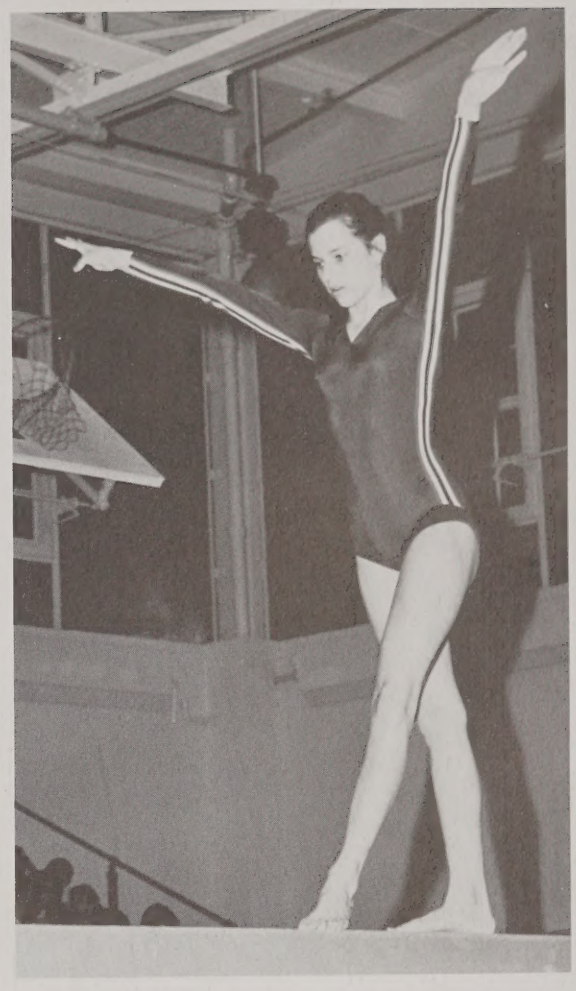
Ricky performs the strenuous "lever" on the parallel bars.



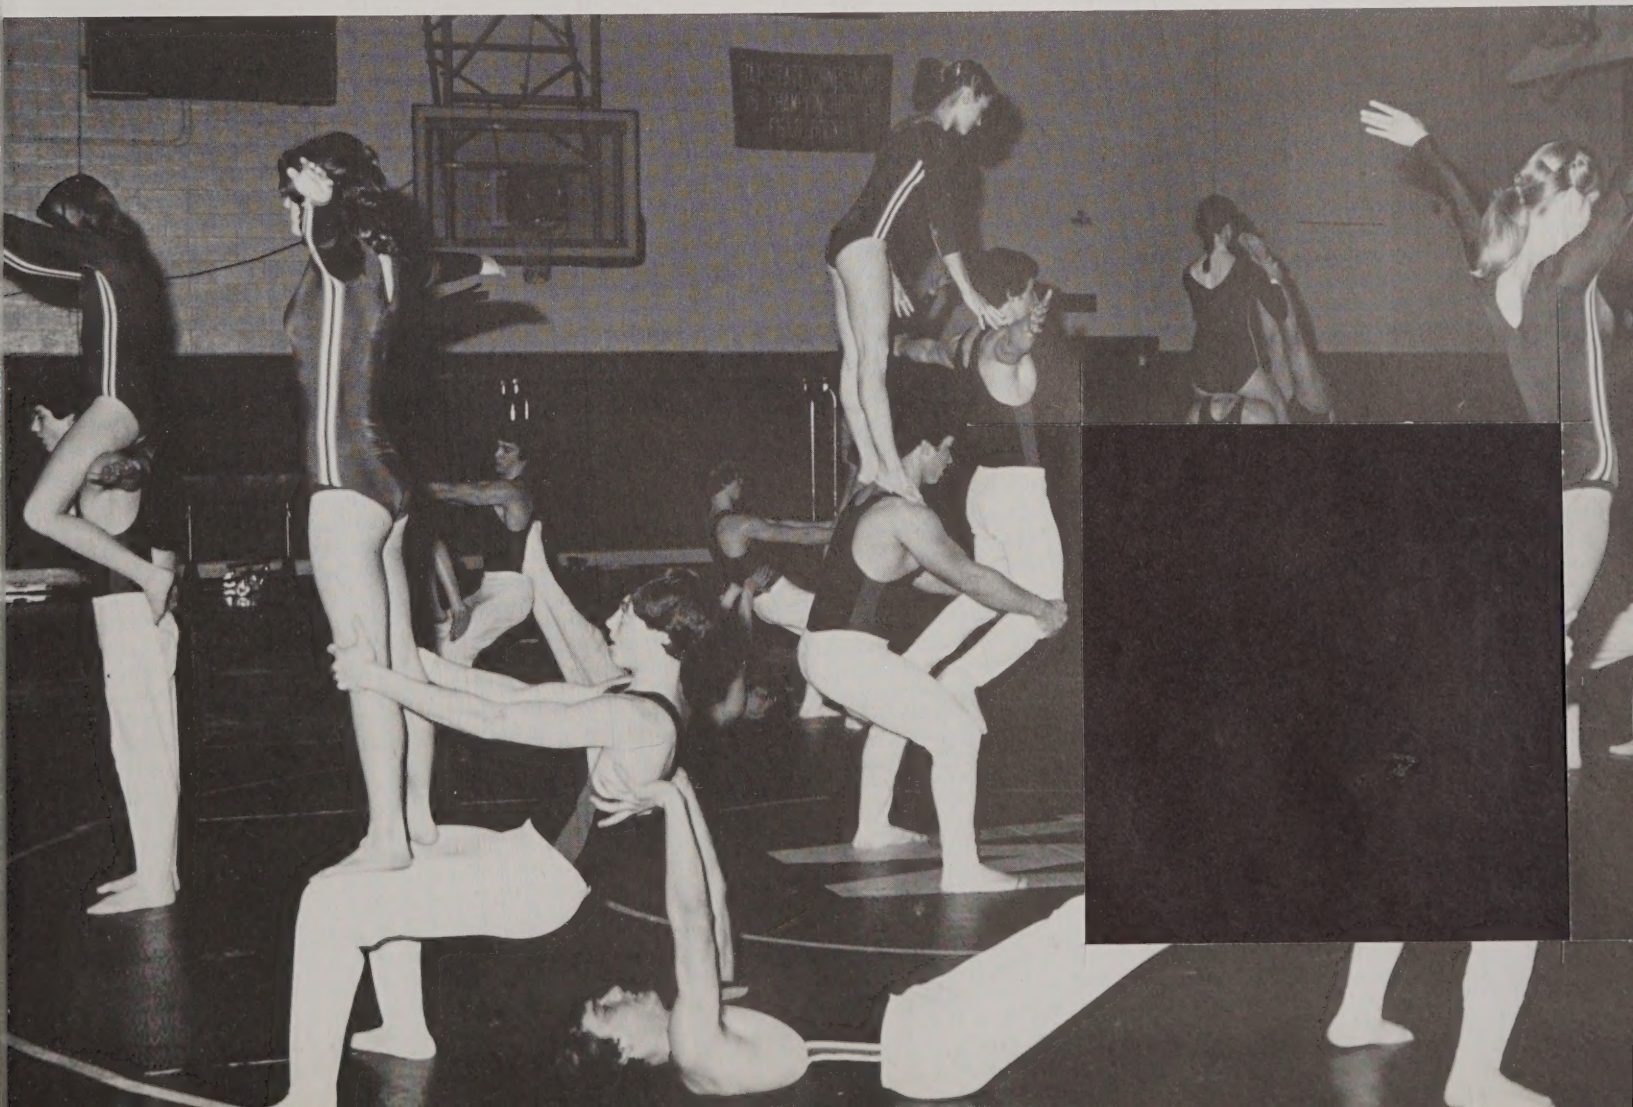
"Raising of the Flag" carried out by the men of silver.



Gene shows great poise and concentration while on the parallel bars.

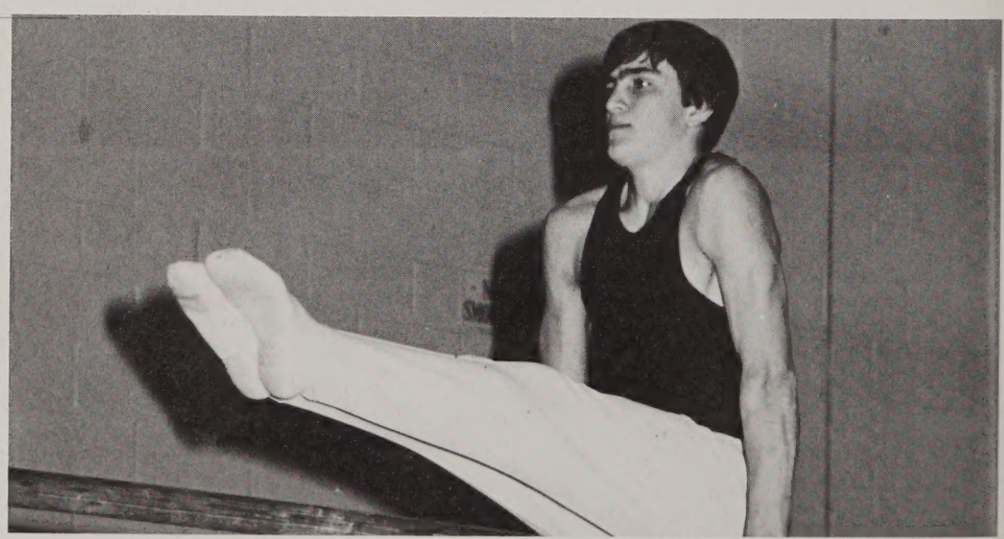


Allison readies herself for her next move on the balance beam.

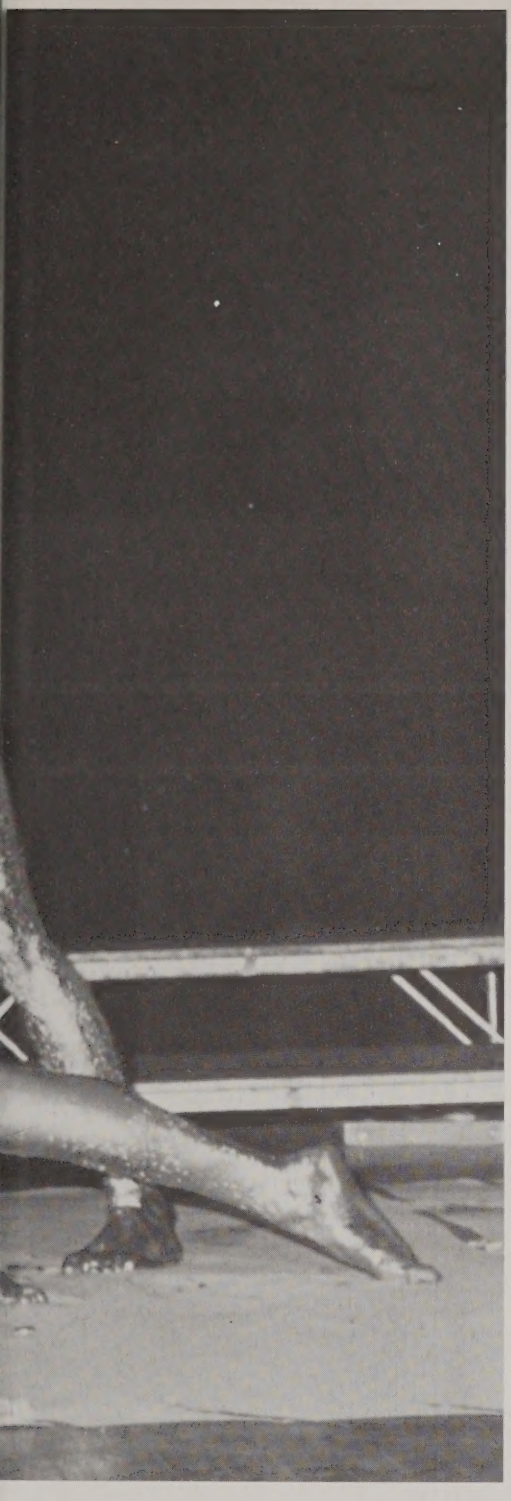


The human statuaries execute the "Wheel of Progress" in the tableaux.

Master of Ceremonies, Gene Lavanchy, waits for his cue.

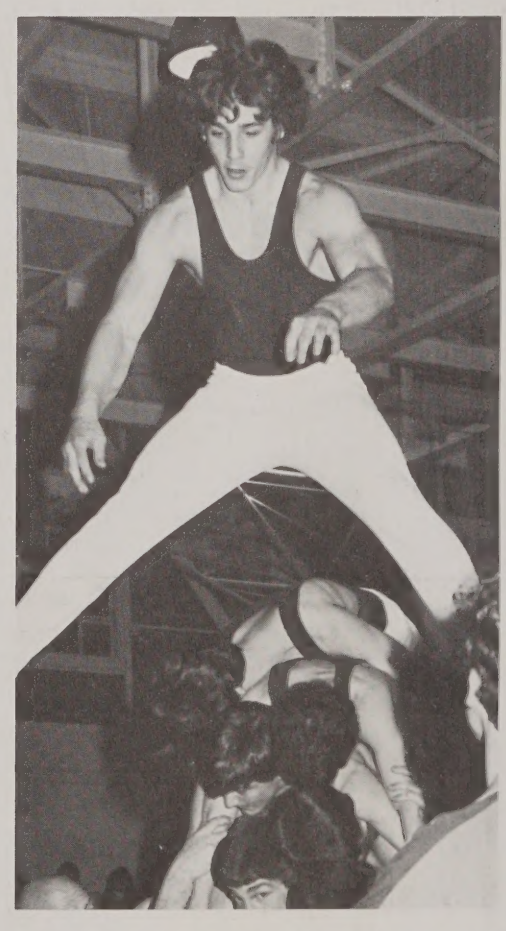


Richard Noyes performs on the even parallel bars.



Standout, Lisa Cesareo, on the balance beam.

Marilyn flashes a quick pose during her floor routine.



Scott clears seven people without a problem doing the tiger leap.

The dancers in a number from "Chorus Line".

A NIGHT TO REMEMBER

PROM

One Love That Is Shared By Two

The annual Junior-Senior Prom was held at the Sheraton Inn in Mansfield, on April 22, 1981. After a roast beef dinner, soft and hard rock music was played by the McPherson Strutt Band. The song EVERGREEN, which included the Prom Theme, "One Love That Is Shared By Two", was among their selections.

It was exciting to see everyone dressed up for one night, but planners of the Prom omitted the crowning of a Prom Queen. They cited the expense of flowers and discrimination (no Prom King) as factors influencing their decision. Since choosing a queen and her court is usually the climax of the evening, many were disappointed that this highlight was missing. Hopefully, the custom will be reinstated next year by the Class of 1983.

"One Love That Is Shared By Two"

Above, Mr. Harry Graff, Mr. William Casbarra, and Mr. Kevin Fleming discuss who is going to pick up the check. Right: Lori and her date head for the Prom in anticipation of an enjoyable evening; Amne proves the band lived up to expectations; Marie and Mark leave after a strenuous evening of dancing

On January 20, 1981, after 444 days in captivity, 52 American diplomats and military personnel from our Embassy in Iran, arrived home. As elsewhere throughout the world, and especially the U.S.A., "yellow ribbons" also symbolized happiness at their return at Walpole High School.

Toma

In January, 1981, David Toma, a former narcotics detective from Newark, New Jersey, about whom the TV programs BARETTA and TOMA were written, spoke to the students and faculty of Walpole High School during the day and the parents at night.

For three hours he captivated the audience by relating stories of his personal experiences. Following his program for students, Toma met privately with many individuals who felt he could help them with their problems.

Elementary School Activities Day

On Saturday, April 4, 1981, 250 Walpole children, grades 1 - 6, attended "Kids' Day", held on the grounds of the high school. This fun-filled experience was sponsored by the senior class, with 55 members present to supervise various activities.

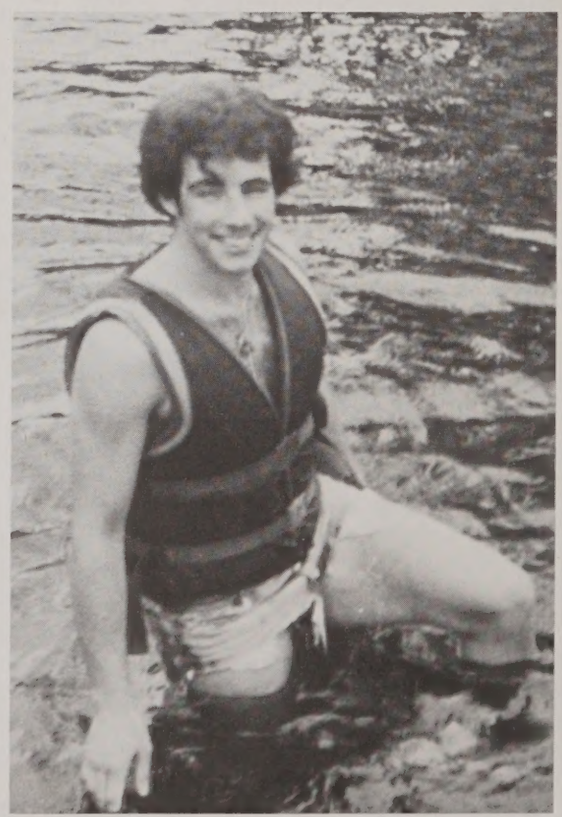
SENIOR CLASS TRIP

Shines Despite Rain

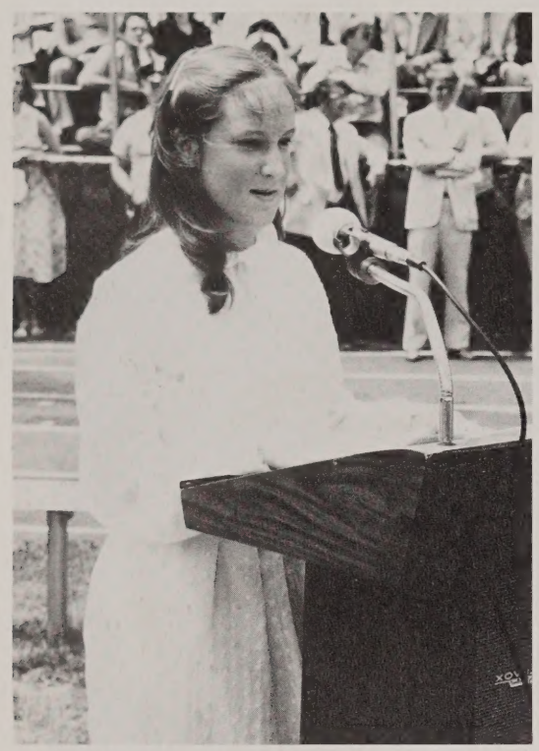
Rain could not dampen the spirits of the Class of 81 on Tuesday, June 2, as students arrived at Blackburn Hall to board busses for a 6:30 a.m. departure for Moodus, Connecticut. Even though a steady mist fell throughout most of the morning, participants in the annual Class Trip to the Frank Davis Resort joined in the fun as though the weather were a "10".

Although relaxing from time to time to sample the generous amounts of food available, most seniors spent the day jumping from activity to activity — swimming, boating, horseback riding, tennis, softball, volleyball, ping pong, water sking, etc. Excitement ran high at the softball game, but the swimming competition was the highlight of the day.

A tired, but happy group arrived back in Walpole about 9:00 p.m. Our thanks to Mr. Mark Erhartic for taking the pictures and providing us with a report of the happenings of the day.



GRADUATION May The Dreams We Dream Be The Future We Find



Nancy Butters, President of the Class of 1982, accepts the gift from the Class of 1981

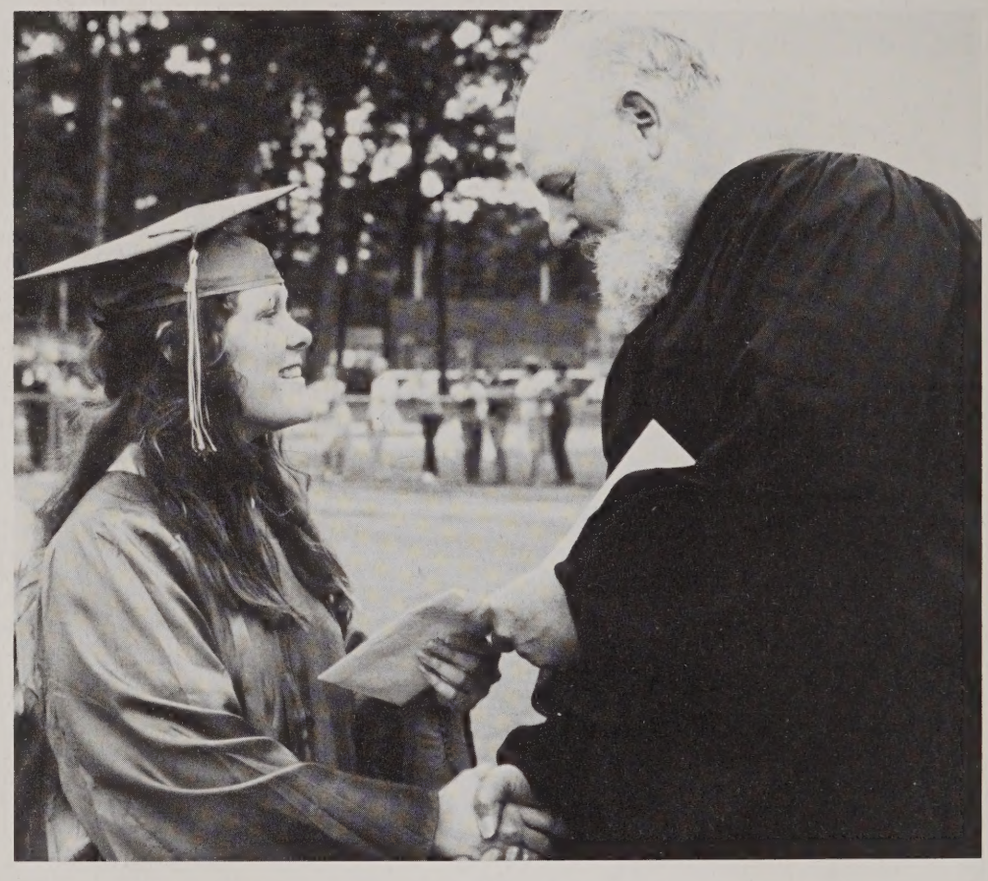
Lisa Parente, Salutatorian

Carolyn Doherty accepts her award from Assistant Principal, Harry Graff



Laura Norberg receives an award from Assistant Principal, Elmer Snell

On Sunday, June 7, 1981, Coach Lee's Rebels surrendered their hallowed Turco Field for the final play of the season in a solemn game that involved 283 players, swatched in blue gowns and tassled mortarboards. They straggled from the main gym, across the parking lot, past the tennis courts, and finally into the home turf. As they marched onto the field, there was no distinction between the players; one number identified them all — The Class of 81!

The day was perfect for the occasion, white clouds mottled against an azure sky, with playful gusts of wind that tilted some caps and sent some temporarily airbourne. Designed to be a day of pomp and circumstance, true to the spirit of this exuberant class, there was a little pomp, but more often a series of circumstances creating an atmosphere reminiscent of a Superbowl Game.

When the final whistle was blown, many showed their joy by sending their mortarboards skyward. As the last missle plummeted to earth, making the final touchdown, it was clear that here was a spirited team, bent on making its image as . . . . . R E B E L S!

May the dreams we
dream be the
future we find

A STRING OF CHALLENGES

Untangling Knotty Problems

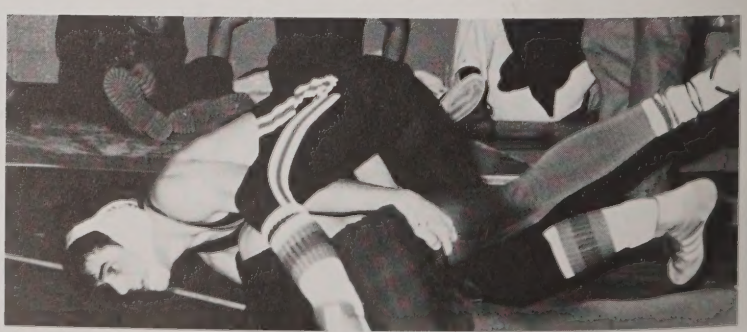
Jim attempts to figure out how to encompass the globe

"Will I finish this before the end of the term?"

"3 x what?"

"This one's a real snap!"

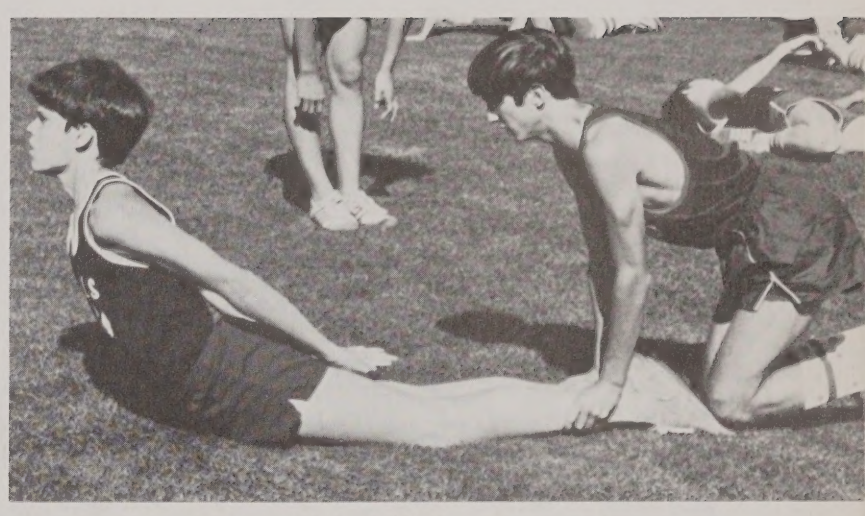
"All right — who forgot the music?"



"When is it my turn?"

"There has to be an end somewhere!"

"I think I've found a new way to serve!"



"Is this how to cross country?"

"Who should be sent to Plimpton School?"

Finding a way of making it to the top

Mr. Francis Foley, computer expert, lends an ear as Mr. James Burke, Athletic Director, taps him for the proper formula to field a winning team.

AIN'T WE GOT FUN

From hefty hamburgers to sizzlin' steaks, our menu is loads of fun. But there's more. Pitchers and mugs of frosty beer. Piping hot popcorn. Prices that are peanuts. And peanuts. Plus live entertainment weekends. Because at Ground Round every meal comes with a side order of fun.

THE LONG AND WINDING ROAD

The long and winding road
That leads to your door
Will never disappear,
I've seen that road before,
It always leads me here,
Leads me to your door.

The wild and windy night
That the rain washed away
Has left a pool of tears
Crying for the day,
Why leave me standing here,
Let me know the way.

Many times I've been alone
And many times I've cried,
Anyway you'll never know
The many ways I've tried
But still they lead me back
To the long winding road.

You left me standing here
A long long time ago,
Don't leave me waiting here,
Lead me to your door.
